

Rapid Reduction Eye Cream

Gracemoor Beauty Rapid Reduction Eye Cream is an instant effect anti-aging product that works in just a few minutes to dramatically improve the most visible signs of aging. In only 10 minutes this cream visibly lifts and tightens wrinkles, under-eye bags, and crow’s feet. It can also help to reduce the appearance of dark under-eye circles, forehead lines, and smile lines.

Instant lifting & tightening results

Rapid Reduction Eye Cream uses the power of silicate minerals to dramatically improve the most visible signs of aging in only 10 minutes. Reduce the appearance of under-eye bags. Visibly smooth fine lines. Shrink the look of pores. Reduce the appearance of dark circles, forehead lines and smile lines.

Reduce the look of under-eye bags, fight fine lines & wrinkles

Works to instantly reveal more youthful-looking skin by visibly reducing the size of under-eye bags, diminishing the look of fine lines & wrinkles, visibly lifting crow’s feet, smile lines and laugh lines, giving you the beautiful skin you want. Results that last up to 8 hours.

FIGHT TOMORROW’S LINES & WRINKLES

Contains the potent anti-aging peptide Acetyl Hexapeptide-8 to help promote visibly smoother, firmer, more youthful-looking skin with regular use. The perfect product for women and men who want beautiful, more youthful-looking skin.

TRAVEL FRIENDLY AND EASY TO USE

Resealable tubes. Look and feel great on the go. Discreet packaging can easily be carried with you wherever you go and is air-travel friendly. Wash and dry application area. Squeeze cream slowly onto fingertip. Gently apply a thin, even layer to targeted areas. Allow cream to set for 10 minutes. Relax your facial muscles and avoid talking or eating during the drying process.

CRUELTY FREE. PARABEN FREE. FRAGRANCE FREE.

Each tube contains enough for approximately 3 applications under each eye.

INGREDIENTS
Water (Aqua), Sodium Silicate, Magnesium Aluminum Silicate, Cellulose Gum, Acetyl Hexapeptide-8, Yellow 5 (CI 19140), Red 40 (CI 16035), Phenoxyethanol, Ethylhexylglycerin.

DIRECTIONS

Make sure you wash and dry your skin thoroughly before every application. Detach one tube and twist top to open. Dispense a small amount of cream onto your fingertip (start with about half the size of a pea). Gently apply a thin, even layer to targeted areas, being careful to avoid contact with your eyes. Allow the cream to set on the skin for 10 minutes to achieve optimal results.
